

Operation Wormwood

It may only be a matter of time before God unleashes a plague upon the earth. Why does evil against the most vulnerable go unpublished by a loving, all powerful God?

- Paperback Cost: \$19.99
- eBook Cost: \$2.99

Escott takes you on a thrill ride through the oldest city in North America. Where historical landmarks become clues and every name has two meanings. It's an interactive crime thriller that will have you researching what's real and what's not. Never take a chapter at face value. You'll have to read Operation Wormwood twice - once to get the story, and again to uncover the hidden secrets in each chapter.
