When Hell Freezes Over

Twenty-four years ago, Michael Quinn turned his back on a band on the verge of superstardom. He's spent his life since hiding from everything he'd been. But when a woman chased by thugs jumps into his car and he tries to help, a bewildering chain of events is set in motion – a close friend is murdered and the girl disappears. Then the thugs come after Michael. Unwillingly thrust back into the spotlight, Michael is forced to confront what he was, what he is now and what he might have been. And will that finally be the moment when hell freezes over?
